New Fire Fighting Equipment For Tahoe Given Test

New Truck Is Given Tests To Prove Value To Tahoe Area

TAHOE CITY — Tahoe City may well be proud of its new fire fighting equipment and the men which man it.

The new American - LaFrance equipment, mounted on a four-wheel drive, 258 horse - power chassis has been undergoing rigid tests by Fred Kaiser of the Board of Fire Underwriters of the Pacific and has proven its worth.

The tests showed the pumper can throw 1,008 gallons of water under 150 pounds pressure for two hours. It can also pump 750 gallons under 200 pounds pressure for half an hour and 500 gallons per minute at 250 pounds pressure for half an hour.

The new truck is equipped with a 500-gallon tank, 1200 feet of 2½ inch hose, 200 feet of 1½ inch hose and two one-inch booster lines of 150 feet each, as well as the necessary miscellaneous equipment.

While at Tahoe City, Kaiser also inspected the recently annexed area in the Tahoe City Fire Protection District and indicated it would be another six months before rates could be adjusted to coincide with the recent equipment improvements. Ten miles of lake shoreline are embraced in the the district as well as a section extending down the Truckee river.

Besides the new American-LaFrance, the department now has the ancient 1922 Seagrave engine which was acquired some ten years ago from Stanford, and a Chevrolet 4X4 with a 500 gallon tank.

Chief Al Henry pointed out that when the department is called it reaches the fire with 1000 gallons of water immediately available in the two vehicles.

Alpine Riverside Opening Saturday

Mr. and Mrs. William Fowler will be hosts Saturday night at the grand opening of the new Alpine Riverside Hotel, recently remodeled and redecorated.

A special program has been arranged for the occasion including a free buffet between 11 p.m. and 2 a.m. Cocktails will be served from 4 p.m. to 2 a.m. with entertainment from 9 until 2 a.m.

A special grand opening dinner will be served from 5 until 9.

On another page of the Sierra Sun today will be found a full-page ad announcing the opening and extending an invitation to everyone to attend. The opening will provide an opportunity for all to see the many improvements which have been made to bring the hotel up to highest possible standards in appointments and service.

FORMER TRUCKEE RESIDENT EXPIRES

Last rites were held yesterday at Reno with the requiem high mass at St. Thomas Aquinas Church for Joseph Sinelio. He was a brother of Mrs. Adelina Saibini and uncle of John and Raymond Saibini, all of Reno and formerly residents of Truckee.

The deceased had often visited here with his sister and family.

CUB SCOUTS VISIT AT OFFICE OF SIERRA SUN

In observance of Newspaper month, two dens of Cub Scouts, accompanied by Mrs. William Waters, Mrs. August Sassarini and Mrs. Lauren Russell were guided Wednesday through the Sierra Sun where the various operations of making up a paper were explained to the group.

Mrs. W. D. Davis and her den of Cub Scouts will also visit the local newspaper this afternoon.

SCHOOLS TO RECESS IN DISTRICT TUES.

Schools in the Tahoe Truckee Unified District will be recessed Tuesday, February 2 because of a workshop planned for the teachers that day. The meeting will be held at the high school at 9:30 a.m. and all teachers and principals will attend. Dr. B. Belden from Chico State College will be the principal speaker, John S. Corbin, district superintendent, announced.

DRIVERS MAY GET LICENSES AT OFFICE

Drivers licences will continue to be issued during renewal of registrations for motor vehicles.

Richard Paddock, in charge of the local DMV office, said that registrations will close February 4 and there are still hundreds of vehicle owners who have not registered for 1959. The office is open daily, Monday through Friday and on Saturday morning, January 31 for both registration and drivers licenses.

Patrol Prepares To Meet Emergencies For Games Period

When the 1960 Winter Olympic Games are held at Squaw Valley, there will be a complement of 220 California Highway Patrol officers in the district to maintain order on the highways and assist in orderly conduct.

This was revealed this week by Sergeant Frank Snyder, in charge of the Truckee sub-station, who also reports a total of 39 traffic officers, four sergeants and one captain will be here during the North American Championships from February 19 to March 3.

The officers here next month will be housed at the Alpine Riverside Hotel and during the Olympic Games in 1960 they leased the facilities at the Tahoe Truckee High School for the month of February for $12,000. This includes only the available facilities and utilities, Snyder said, with the CHP furnishing beds, food and other essentials.

During the championship meet next month, there will be 15 additional patrol cars plus the traffic safety education unit which will be stationed at Squaw Valley as a coordinating office. Twenty-four officers will work two shifts with four on duty after midnight during the races in February. Sergeant Snyder has been appointed to be in command during the games.

Sergeant Snyder also announced this week that two new officers, Glenn Virus and Trueman Alley, both of Anaheim, have been assigned to the local squad, bringing the total here to 10 traffic officers and the sergeant. Virus has started work but Alley is on sick leave, having broken both legs in a recent accident.

A new clerk, Mrs. Esther Bergman has been employed replacing Mrs. Marie Strickland, who has returned to Soda Springs.

DINNER PROPOSED BY TRUCKEE'S FIRETTES

A potluck dinner, sponsored by the Truckee Firettes, will be held at the Capitol Hall on Saturday, February 28. This first social function is to host the foreign competitors of the North American races to be held at Squaw Valley Lodge February 19, thru March 1st.

The Truckee Firettes is primarily a fund rasing organization to buy equipment for the fire department. Their first project is to buy equipment for a rescue truck, which is to be used in the whole area.

Connie Euer is the president and other officers are Virgina Paddock, vice-president; Jane Garwood, secretary; and Ernie Solaga, treasurer.

4-H CLUB FORMED AS OFFICERS ARE NAMED

BY PAM ROSE, CLUB REPORTER

Truckee 4-H club has been organized. Mrs. F. M. Burke will be the 4-H leader The club plans to meet on the second Tuesday of each month between 8 and 10 p.m. at Tahoe Truckee High School. At these meetings various activities and projects will be planned.

There have been two meetings so far. At the last one officers were elected.

They are as follows: president, Moira Burke; vice-president, Joan Brown; secretary, Joann Jellin; treasurer, Donna McReynolds; club reporter, Pam Rose; song leader, Debbie Bradley; recreation leader, Shirley Smith.

At 4-H, members learn about their projects and have fun at the same time. Most of the members will work on horse and home economics projects.

Although there are few members, the club hopes to have a successful year of club work and have many more members next year.

TRUCKEE MAN'S CAR FIGURES IN MISHAP

Six people were injured, one seriously Sunday when cars driven by Filmore Roberts, 45, Truckee, and Dick Marquette, 30, Marysville, collided headon near the summit of the Bear Valley grade. June Marquette, 25, suffered a fractured leg and four other members of her family were treated for lesser injuries.

Roberts was injured but not seriously. Both cars were virtually demolished.

The California Highway Patrol reported Roberts had just passed a car stalled in his lane when the collision occurred.

Grand Jury Asks For Improvement For Truckee Jail

County Officers Are Given Praise As Report Is Filed

The 1958 Nevada County Grand Jury, like many of its predecessors, has recommended in the 21-page report filed with Superior Judge Vernon Stoll, that the Truckee jail be modernized and enlarged. The local bastile was described as being close to deplorable.

Several other recommendations were made in the report, including one that the district attorney ascertain if Bond No. 18, Truckee School District, for $1000 plus $40 interest, never presented for payment, can be cancelled under the statute of limitations.

The grand jury urged full cooperation of the people of the county with the Nevada County Building Committee toward securing a new county building at Truckee and an improved court house at Nevada City, due to the deplorable conditions at Truckee and the crowded office space at the court house.

Officers highly praised for their efficient business-like methods were those of the county clerk and auditor, the district attorney, county treasurer and tax collectors and others.

Local members of the grand jury are E. A. Hellar and W. A. Loynd.

James Wheat Dies In Bay Hospital

AUBURN—Masonic funeral services for James Adrian Wheat, 43, of Roseville were held at 2 p.m. Monday in the Chapel of the Hills in Auburn.

Wheat died Thursday in the Mt. Zion Hospital in San Francisco following heart surgery. He was a native of Fullerton, Orange County.

He formerly was director of sanitation for Placer County, and for the last two years has been engaged in real estate work. He was a member of the Tahoe- Sierra Chamber of Commerce and the Placer County Realty Board.

He is survived by his wife, Helen of Roseville; parents Mr. and Mrs. Carl O. Wheat of Lake Tahoe; a son, Jeffery of Roseville and sisters, Mrs. Betty Stranathan of Auburn, Mrs. Jean Henry of Lake Tahoe and Mrs. Edna Riddell of New York.

Burial was in the Auburn District Cemetery. The family requests that rememberance be sent to the Placer County Heart Fund.

Wheat was well known at Tahoe where he lived for many years and the community joins in extending sincere sympathy to the family.

TAHOE BEAUTY SHOP IS IN NEW LOCATION

TAHOE CITY—Mr. and Mrs. George Hallifax are now located their new home, half a mile east of Tahoe Beauty Treat.

The business was formerly situated right in town but with the acquisition of the new home, she found it advisable to move to the new location where former customers and new are invited. Mrs. Hallifax is a specialist in hair styling and setting.

SIDE LINERS TO BE HONORED BY O. E. S.

Truckee Chapter No. 116, Order of the Eastern Star will meet Tuesday evening, February 3 to observe "side liners" night.

Initiation will also be held with Pearl Heller, worthy matron and Charles Heller, worthy patron presiding.

Mrs. Ida Crandall is chairman of the refreshment committee for the affair.

ADMISSION TO SKI RACES NOT DECIDED

The question of what admission price will be charged for the North American Championships in Squaw Valley next month is still unanswered. A press dispatch from San Francisco flatly said that "Admittance is free" but a check with the Olympic Organizing Committee in San Francisco revealed that this is not so and that the price schedule will be announced soon.

SUNBEAMS

By WALTER M. BARRETT

The daily press frequently carries stories of the outrageous prices being asked by property owners throughout this region for rentals and accommodations during the 1960 Winter Olympic Games period. The point they miss is that these are only asking prices and that no takers are being found. It is true that "gouging" is premeditated and there are those who still make unreasonable demands. This can be expected. On the other hand, the majority of business people recognize the tremendous value for the future which lies in the games if our guests are given a fair treatment, and they will not abuse the opportunity. Most people will be reasonable, but the few who are inclined to "get rich quick" unfortunately may leave a bad impression on the visitors which will reflect on the more conservative. A determined effort must be continued to keep prices at a reasonable figure. Never before and probably never again will the area have such an opportunity to place itself in such a good position as an ideal recreation center. Hotel and motel owners, for the most part, have pledged full cooperation, but these occasional news stories would tend to blacken the area as a nest of vultures. It would be well to determine the prices asked by the majority of places and publicize these instead of picking out rare cases to use as examples.

Another Highway Job Bid Is Opened

A low bid of $4,787,742.50 was received today by the division of highways to construct another 7.9 miles of freeway on Highway U. S. 40 over the Sierra Nevada Mountains. The work for which bids were opened today will cover the section of Highway 40 from 0.7 miles east of Baxter to near Emigrant Gap.

Today's low offer was submitted by A. Teichert of Sacramento. It was one of the 9 bids received.

Highway officials said this is the first of the three projects scheduled to start work during the coming construction season. The other two, a 5.1 mile section from near Monte Vista to Baxter, and a 10.3 mile section from Soda Springs to the east end of Donner Lake, will be advertised for bids later this year.

JACK PEARCE DIES AT SIERRA HOME

Funeral services were to be held at 3:30 p.m. today in Reno for Thomas John (Jack) Pearce of Loyalton, and a former Truckee resident who died at his home in Loyalton Tuesday. He was 65 and had been ill for some time. Pearse was a bartender by trade.

He was born in Colorado and served with the Canadian army in World War I. He leaves his wife, Babette of Loyalton and a daughter Mrs. Florence Wilcox of Oakland.

Burial will be in Berkeley.

BOUND CALF FOUND NEAR DONNER HOME

Ted Franklin, who lives along the highway at Donner Lake,, had no intention of going into the cattle business, but from all indications he will not be able to avoid it.

It seems that Franklin's herd was started Monday when his two young sons while waiting on the highway for the school bus, discovered a two week's old Holstein calf, hog-tied and half concealed in the brush, but very much alive and hungry.

The boys notified their father who took the small animal to his garage and fed it. The calf is enjoying his new home but a bit of mystery surrounds its background.

Deputy Sheriff Emery Lander was notified and has been unable to discover the owner or the why and wherefore of the securely tied calf. He theorizes that the animal was lost off an east bound vehicle, but whether it had been stolen or was lost by an honest rancher remains a mystery.

Wolverines Host Douglas Friday In Basketball Game

Tahoe Truckee Boys Break Losing Streak Here With Victory

BY JOHN FIRPO

Victory was the sweetest word to the Tahoe Truckee Wolverines last week as they ended a 5 game losing streak by dumping the visiting Lovelock Mustangs 56-35, Saturday. They had previously been defeated the night before by Carson City, 47-33 at Carson. The conference win over Lovelock was the Wolverines first and put them 1-3 conference wise and 4-5 over all.

Friday the Wolverines again couldn't seem to find the range as they trailed throughout the contest 4-9, 10-19, and 20-34. The Carson defense kept the visiting Mountain Men shooting from outside where they couldn't find the target very many times. That is the story of the score. Craig Robinson dropped in 5 field goals and 1 freethrow for 11 counters and high man for the wolverines.

Saturday the Wolverines shot like a team that hated to be beaten any more. They started slow in the first half by leading only by five 20-15 at the intermission. Storming back in the third Coach Jim Brehler's squad literally swept into a 39-21 lead at the conclusion of that quarter. From here on it was all TNT as the Wolverines coasted to a 56-35 verdict.

Rex Donaldson who had previously averaged 7 points per game during the losing streak, exploded with 17 points. Woody Ribal came off the bench to score 11 and take second high honors.

In the preliminary action the J.V. "Cubs" dropped two over the week. First Carson was a 63-50 winner and then Lovelock Jay Vee claimed a 57-40 come-from-behind decision. Leroy Ryser racked up 19 against the Senator juniors while Bill Notley was top man at home with 12.

Tomorrow night the Wolverines will host the Douglas Tigers in an "A" conference tilt. Douglas is currently in second place while the Wolverines are tied for sixth. Saturday evening the Mountain Men travel to Lovelock to play the Mustangs, again. Game time for the Jay Vee is 6:45 p.m. while the varsity starts about 8:15.

District Election Is Called For May

Dave Morey, manager of the Truckee Public Utility District, today called attention to the fact that an election will be held May 5 for the purpose of electing two members of the board of directors.

The terms of four directors, Hal Welch, Jack Neugebauer, Dr. Ben King and Dan Horman, will expire and while it is understood that all will be candidates for reelection, those wishing to file in opposition may do so between February 4 and February 27.

Nomination petitions will be available at the office of the district starting next week, Morey said.

REV. WELSH TO MAKE FIRST ADDRESS SUN.

TAHOE CITY — Rev. Stanley Welsh, curate from Christ Episcopal Church at Eureka for a number of years will deliver his first sermon at 11 o'clock, Sunday, February 8 at St. Nicholas Church at Tahoe City. Rev. Welsh will take the place of Gordon Moyer who has been conducting services as a lay reader.

The new resident minister will reside in the remodeled apartment over the church hall.

He has been the director in charge of Camp Noel Porter here for the past three years.

All protestants are cordially invited to attend the church services.

Last Tuesday evening members of the Women's Guild met at the home of Mrs. Gordon Moyer, with Mrs. Leonard Bury presiding when plans for a reception for Rev. Welsh were completed.

DAUGHTER BORN

Mr. and Mrs. Joseph Asbury of Truckee welcomed their daughter, Suzanne Lee who arrived at Tahoe Forest Hispital on January 21. The child's birth weight was a plump 7 pounds, 14½ ounces.

SHOP AT HOME. PATRONIZE YOUR TRUCKEE MERCHANTS!

Cleanup Project In Truckee Starts As House Demolished

The first step in a planned program, sponsored by the Truckee Chamber of Commerce, to tidy up the community in preparation for the anticipated huge influx of vistors this year, was taken this week with the demolition of one of the old unusable houses along the main street.

With the cooperation of the owners, Mr. and Mrs. I. Firpo, the ancient two-story structure was razed under the supervision of Fire Chief N. F. Dolley. The debris will be burned and the lot cleared as soon as sufficient snow falls to avoid danger of the flames spreading.

The work was done by Mel Thorton and John Owens, Frederickson and Watson foreman, who utilized heavy equipment for the task.

Dolley has asked other owners of untenantable houses to grant permission to the chamber to remove the unsightly buildings during the winter months so that plans may proceed on the cleanup, paintup, program in the spring.

Cooperating with the chamber are the fire department, the Truckee Lions Club, and the Firettes. Other organizations are invited to participate.

Talent Show To Be Held This Weekend

The curtain will raise at 8:13 p.m. Friday night on the first of a two-night run of Around the World in a Daze, a local talent production under the direction of Miss Doris Kash.

The hilarious musical comedy stars and features scores of local players, including the leads Evelyn McCrary, Skip Ferdinand and Dr. Robert Affeldt. The Truckee Lions Club will make up the Sultan's Sweeties while the Donner Lake and Truckee fire department auxiliaries will play the Smokie Women.

Dolly Harris, Elaine Lander, Mae Baker, Patsy Tonini, Eleanor Capel, Jean Walker, Marilyn Turner and Virgina O'Bear have leading roles.

Cinderella's children will be Debbie Wurst, Ben King, Dianne Rose, Drusella Turner, Debbie Turner, Melony Anderson, Debra Pratt, Susan Kenon, Larry Doyle, Byron Johnson, Joy Frates, Kathy Goicoa and Kathy Campbell.

The affair is being sponsored by the auxiliary of the Donner Lake Fire Department and Mrs. Laura Horman is chairman. Mrs. William Englehart will be the accompanist.

The proceeds go toward supplying fire department equipment.

The date: Friday and Saturday; the place: Veterans Memorial Building, Truckee.

PRECIPITATION NOT FAR BELOW NORMAL

Precipitation total for this month has reached 6.64, with normal at 5.88, 1.46 was measured during the past week from six inches of rain like snow.

The total precipitation for the season to the end of this month is below normal at 10.22 the normal being registered at 14.14.

Henry Toccalini at the U. S. Forest service office reported that three inches of snow were measured there this week as compared to 30 inches on the same date in 1958.

Fifty one degrees last Friday was the highest temperature during the week, the low of 21 degrees noted on Monday.

WOMENS CLUB WILL MEET FEBRUARY 5

TAHOE CITY — The Women's Club of Tahoe City will hold their next regular meeting on Thursday February 5 at the home of Mrs. Martha Snyder.

It will be a dessert-luncheon with a Valentine motif at 12:30 p.m. An interesting meeting is forecast and all members are asked to attend.

AT MEETING

Roy Saarni, district ranger of the Tahoe Forest Service here with Norman Anderson, assistant ranger and Nelson Stone, fire control assistant, are at Auburn this week attending the annual rangers meeting.

The address of L. R. Moore has recently changed from Truckee to Albany.

Chamber Meeting Hears Details Of Ski Championship

Butterfield, Bien Discuss Phases Of Games At Local Session

When the North American championship meet is held at Squaw Valley next month, this entire region will get a small taste of the impact which is expected to result from staging the 1960 Winter Olympics.

With a warning note that the district must be prepared to host from 7500 to 10,000 people a day during the championships, Gordon Butterfield, press representative for the Olympic Organizing Committee, addressed nearly 100 members and guests of the Truckee Donner Chamber of Commerce at a luncheon meeting held at Smart's yesterday.

Squaw Valley definitely is not ready to accommodate the spectators at next month's show, Butterfield emphasized. Officials and participants will be housed in the quarters there including the Olympic Village, now being furnished, he said, but spectators must seek lodging and meals elsewhere.

Butterfield outlined the events slated for next month. A number of foreign contestants will be on hand as well as Olympic hopefuls from various parts of the country.

"A real bit of good news which I can report is the fact that the refrigeration was turned on in the ice rink today and will soon be ready for use," the speaker said. Ice skating will be one of of attractions at the February meet.

William Bien, assistant housing director for the Olympics, gave an interesting discussion on the prospects for 1960 and told of the intensified efforts of his department to coordinate housing agencies, including the local chamber of commerce, have been set up, he said, with fine cooperation. He warned against price gouging and stressed the tremendous advertising value to the communities. He said that one major advertising agency had conservatively estimated the advertising value of the games alone at more than $19 million to say nothing of the reams of publicity which are going all over the world.

President N. F. Dolley presided at the meeting and spoke briefly on the proposed cleanup, paintup campaign programmed for this spring.

"Thousands upon thousands of visitors will be given an opportunity to judge us from our appearance," Dolley declared, "and we are in need of improvement. We may be an old town but we can be a clean town," he declared.

Vice President Zeph Rose spoke briefly upon the plans and need for an air port and urged support of the community in providing this facility in time for the Olympics.

New Officers Are Seated By Lodge

Fifty members and guests of Naomi Rebekah Lodge No. 2 last week attended the installation of officers in the attractively decorated hall where the theme for the evening was Love and Harmony.

The district deputy president, Leonore Vind, and her staff, installed the following:

Dorothy Slack, noble grand; Janet Franklin, vice grand; Lucille Bick, recording secretary; Sue Reams, financial secretary; Julia Davis, treasurer; Goodi Mori, warden; Ruth Gross, conductress; Laura Horman, chaplain; Winifred Edmunds, musician; Paula Quist, color bearer; Bess Reid, r.s.v..g.; Elsie Single, l.s.n.g.; Eleanor Capel, r.s.v.g.; Jean Walker, l.s.v.g.; Fredna Smith, inner guard; Maggie Avila, outer guard.

Many presentations were made, including a bouquet to the noble grand by her husband.

The members expressed their appreciation to the members of Donner Lodge of Odd Fellows who accompanied the district installation team to a number of lodges in the district during the past month for installation of officers.

RAINBOW GIRLS WILL INSTALL FEBRUARY 1

Hope Assembly, Rainbow for Girls will hold a public installation on Sunday afternoon at 2 o'clock February 1st in the Masonic Hall. JoAnn Van Hooser will be installed as Worthy Advisor and her corps of officers. Past Worthy Advisor Lydia Craig will be the installing officer.

Following the installation, a jitney pot luck dinner will be served by the Rainbow Girls in the banquet hall.

Chapter of DeMolay in the evening, as master councilor of the Truckee Chaptr of DeMolay in the evening, to which the public is also invited.

A cordial invitation is extended to all Eastern Star members and members of the Masonic order as well as the public to attend the pot luck dinner.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO - (CNS) — In all the discussion of new and increased taxes around the state capitol these days, the California Teachers Association has come up with what to date has been the most comprehensive and intuitive study on the subject.

Of course, in hiring Paul J. Strayer, of Princeton University, to make the study, the Association cannot be accused of having any altruistic motives. It is primarily interested in developing sources of revenue which eventually will insure to the benefit of the members of the association, an attitude which is understandable.

Strayer is the same man who developed an extensive report on education in California some years ago, and many of his suggestions were put into effect. The same result may occur when legislators, hungry for new resources of revenue, but reluctant to vote for them, finish reading the report.

Suggestions for new sources of revenue include a cigarette tax of 3c per package; severance tax on petroleum products gas timer and other minerals; realty transfer tax; increase income taxes and a minimum charge of $100 per annum on all corporations.

Within the present tax structure, he suggests including sales tax on utilities, taxing motel and hotel accomodations, eliminating periodical tax exemptions; tax automobile parking lots and eliminating exemptions on animal life, feed, etc.

Also increase personal income tax by one percent in all brackets, increase bank and corporation franchise taxes; jump the beer tax from two to 10 and two thirds cents per gallon and increase pari-mutuel fees to the state. He also suggests an increase in insurance taxes by eliminating the principal office deduction.

If all the suggestions were taken by the legislature and there is no indication they will be the revenues of the state would increase by about $680 million annually. From indications at the present time, the legislature will take the most obvious of the suggestions, including the cigarette tax.

The severance tax, which is a tax on natural resources developed for use of the people, such as gas and oil, would return, Strayer figures, nearly $100 million in revenue. He discusses this tax at length, pointing out that equity would have to be achieved in a transfer of the tax from local government to the state, so that all the people and not just specific communities would benefit.

In his recommendations, Strayer says cigarette and beer taxes would help the situation, and advocates consideration of the serverance tax on natural resources.

Strayer derides the efforts of some agencies in attempting to keep the cost of government down. He said: "If fewer agencies were spending their energy in finding fault with the cost of government and more were generating public understanding of the reason for the increased cost of government, votes could be found to support the necessary tax increases."

This observation is valid only to those who have not had opportunity to observe the tremendous waste in government, the miles of red tape that could be eliminated, the excess number of employees as compared to private industry, the low rate of production for government workers, and the cumbersome methods of doing business. Perhaps when taxes reach the breaking point some study can be made along these lines.

BROWNIE TROOPS IN TRUCKEE ARE BUSY

Since the reorganization of the local Brownie troops, many activities, including investitures, awarding of membership stars and other features, have been enjoyed.

Brownie Troop No. 137 made tray favors for the Tahoe Forest Hospital for Thanksgiving while Troop No. 132 made the Christmas tray favors.

Brownies invested in Troop No. 130 were Shirley David, Terry Higgins, Claudia Rhoades, Elizabeth and Tammy Richards, Jill Wurst and Mary Lou Randall. One year membership stars were presented to Diane Daly, Sandra Davis, Michelle DeLisle, Sandra Ferdinand, Pamela Horman, Yvonne Johnson, Jennifer O'Bear, Linda Russell, Karen Sauby, Judy Ingalls. Cake and punch were served by Mesdames Lorrin Ferdinand, Dan Horman and Spencer Richards.

Brownies invested into Troop No. 137 were Cheryl Comola, Chris Foster, Terri Richards, Mary Ann Moore and Garee Lynn Stewart. Awarded two-year stars were Kathy Braasch, Gail Englehart, Karen Hedlund, Susie Olano, Mary Ann Moore. Guests were Mrs. W. M. Englehart, Jr., Mrs. Robert Moore, Mrs. Lester Braasch, Mrs. Frank Stewart and Mrs. Nick Comola.

CERTIFICATE OF TRANSACTION OF BUSINESS UNDER A FICTITIOUS NAME

This is to Certify that the undersigned are transacting business as a limited partnership under the fictitious name of Donner Summit, Lodge located on Highway U. S. 40 near Soda Springs, Nevada County, California.

That the names in full and the addresses of all of the partners and sole owners of said business are as follows:

Clyde A. Burkey and Tommie Lou Burkey, his wife, Donner Summit Lodge, Soda Springs, California.

"BEST FOR LESS"

TRUCKEE, CALIF.

STRICTLY STRICKLAND

By Bill Strickland

One of the initial tests of a race course has just been completed. KT22, which will be the site of Ladies' Downhill, and Mens' Giant Slalom in the coming Olympics, had its baptism of steel edges a week ago. The courses are pretty awesome even when viewed from the comfort of the downhill side of the chair lift. In fact, the chair lift ride gave me a few butterflies in places.

The FWSA contests took it all in stride though.

Kenny Lloyd of Mammoth Mountain Ski Club set the pace in the men's division with a sparkling 49.1 seconds. His run topped Dick Dorworth of Reno by 2.6 seconds. Two and a half seconds doesn't seem like much until you consider the first three girls had only eight tenths of one second separating them.

Winning the womens event was Linda Meyers, also of Mammoth, in 47.7 Linda was a member of last years' FIS Team and a real rocket. Two time junior national downhill champion (1956-1957), Joan Hannah, was just a whisper behind Linda in 48.1—and just to make sure the front runners gave an all out effort, 16 year old Starr Walton, the present junior downhill and combined national champion kept them in line with a 48.5 run. As a result of seeing Starr pitted against two of the best in the west, we're inclined to pick her as the F. W. S. A.'s leading contender for an Olympic berth. Getting a big race like this one behind her was all she needed. Watch her pour it on now.

* * *

The first Alpine junior point race of the season has been completed at Mammoth Mountain. Young Gary McCoy of Mammoth won both the downhill and the slalom for a clean sweep and 20 points toward the junior national team. Mike Foley of Dodge Ridge placed second in both events and Dave Wakeman of Edeliss third.

Trent Giannini of Squaw Valley had this areas highest placement—third in the Class II slalom. Class IV saw a real duel between two Squaw Valley teammates. Greg Moore and Lance Poulsen battling all the way and finishing in that order in both events.

The girls did a little better. Jackie Mauger of Squaw Valley won the Downhill, followed by Smiley Tschopp—also of Squaw Valley. Smiley was the slalom winner; so now the proud possessor of 19 big points.

The next Alpine F.W.S.A. trial will be on Reno's Slide Mountain, January 31-February 1. At the conclusion of this meet, the F.W.S.A. Olympic candidate will be selected—they will then go on to five national qualifying meets and compete against the nation's outstanding 48 men and 24 women.

The next Junior Point Meet will be held February 7-8 at Dodge Ridge.

* * *

We really slipped up recently in designating a Nordic competition for the Auburn Ski Club at Cisco. That meet should have said February 14 and 15.

It was a situation that was anything but funny to the people involved, but I've waited for over 20 years to see it happen. A group of happy go lucky skiers, checked out the conditions, and decided to do their skiing here at Soda. With the complete disregard for signs that so many skiers have, they pulled into, what must have appeared, an ideal parking space completely cleared of snow—so where could they possibly find a better place. Piled out of the car and heigh-ho-awa-a-ay we go. About twenty minutes later a villian appeared, driving a Holstein. He saw this particular car and being aware of the signs, and having a knowledge of the location of the edge of the highway, he wipped out his pen and citation book. Having ticketed the car, he then proceeded on down the highway to a towing garage. Evidently the garage operator was told to tow that particular car off the highway—which he proceeded to do. The owner not only had stopped and locked his car using almost a third of the east bound lane. Time passed. and pretty soon the skiers started trickling in from the hill. Our curiosity was aroused now, and we certainly wanted to watch the action of the owner of the car that wasn't there. It was just about as expected. "Hey, some dirty so and so stole my car. Boy, wait'll I get my hands on that guy, I'll tear him to bits. Imagine copping a car right from the edge of the road. Get a call into the highway patrol—they'll get 'em—and when they do, I'll make him wish he'd never seen that car". The last we saw, ole "Happy Go Lucky" was on his way to a telephone to call the highway patrol and report a stolen car. I imagine his awakening was rather rude, and his fine, plus tow charge will even seem ruder, but I'll bet he'll observe the signs a little more closely next time.

* * *

And, if you think the above is something, another man saw a nice big opening on the right side of the county road, pulled over, locked his car and took off. The fact that his station wagon, from the rear door back, was on the east bound track of the railroad was unknown to him—it became very evident, though, when an east bound passenger train smacked it.

* * *

Saturday, January 31, at 8:30 p.m. will be the time in the Bonanza Room of the Mapes Hotel, Vice-President Eric Johnson will call to order the regular meeting of the Winter Sports Writers Association of Northern California and Nevada.

The time and place was selected to coincide with the final Alpine Olympic try-out event, as well as the regular quarterly meeting of the Far West Ski Association Directors.

At the conclusion of the Downhill and Slalom races, the Far West representatives will be selected to try-out for an Olympic Test Spot—8 men and 4 women—the national competition. We're going to hazard a guess as followed for some of the spots:

Men: Kenny Lloyd, Dick Dorworth, Gary McCoy, Dick Miller Jim Heuga.

Women: Starr Walton, Linda Meyers, Joan Hannah, Beverly Anderson.

* * * *

Saturday and Sundays storm just about obliterated the mountains as far as visibility was concerned. There was a break in the weather Saturday afternoon for the first time all day—we were able to look across the road and se the hill. Despite the zero visibility, there must have been seven or eight hundred people sliding down the ski runs—they had driven a couple of hundred miles, and, by golly, the fact they couldn't see their hand in front of their faces wasn't going to stop them. No Sir,—we came up to ski, and that's what were a'gonna'do.

* * *

The Sugar Bowl crowd was as large as usual—the Magic Carpet parking lot was filled early Friday night. As a result, skiers from the Sierra Club, A.S.U.C. Club, plus all of the many others in the area had soon filled every available niche for over a half mile in each direction. Gerry and Ursula Stratford were sheparding a group of San Francisco teen-agers who were spending the week-end in the snow. Gerry at one time was one of the city's leading tennis players.

* * *

Back to the "happy-go-lucky" skiers — Sunday afternoon, we watched them digging out and heading for home. About five cars had very effectively closed all but one lane of the County access road at Soda—so wha' hoppens? East bound cars trying to get into Rowton's Service Station for gas, stop because of the exodus of cars from the ski hill parking lot. Traffic backs up—then a west bound car decides to make a left turn to the hotel, but no can do—no room. As a result, a pam is made that would put "Mary Ellen" to shame. It finally unsnarls itself after a time, but a lot of drivers are mad now; so look out when they get down the hill a ways. They'll try and get that lost half hour back, zowie—twelve thousand vehicles a day for ten days in 1960? I dunno—I dunno! ! ! ! !

AMERICAN INDIANS SUBJECT OF ADDRESS

TAHOE CITY—Nick Jackson archaeologist pertaining to the life of the American Indian was guest speaker at the Tahoe City Rotary Club's ladies night on January 20, at Tahoe Inn.

Jackson, of Reno, brought with him a collection of Indian relics said to be worth $20,000. Among the articles was a string of beads and a moccasin dating back over 23,000 years. Some of the stone from which the beads were made are found only in Asia and the moccasin made of tule had been identified as foot wear worn at the time of Christ, Jackson said and he added, this and other data indicates that the American Indian, as we describe him came from abroad, probably from Asia, by way of the Bering Strait.

Jackson said many of the specimen of Indian Craftmanship had been found in Nevada and with the exception of the moccasin of tule, had been found without excavation. He showed war scarfs worn by Sitting Bull and other noted Indian chiefs.

That the North American Indian has come a long way in his development since the bow and arrow day has been demonstrated time and again, Jackson said. He cited one instance during world war two, when young Indians not able to speak a word of english were taught within two weeks to send messages on war maneuvers. He said it was an Indian who spoke to another Indian on board a ship at sea ordering dropping of bombs on the two Japanese towns that ended the war.

Jackson who was accompanied by his wife, is a member of the South Western Museum and he was technical advisor for the filming of Broken Arrow.

President Martin Spitsen presided over the meeting. Howard Guth introduced the speaker.

SALE TODAY

The division of highways announced that a public auction will be held on January 29 to dispose of the buildings and equipment of the Apple Tree Inn at Baxter. The sale will start at 2:30 p.m.

SAFE TOYS

Play is a child's world and entertainment, but it also serves to stimulate the growth of his physical, mental and social abilities. For this reason, a careful selection of playthings is an important part of parental responsibilities.

Toys should stir the imagination, encourage creative ability, and train the child for better living. Most toys serve their purpose in a child's growth and are abandoned, but some toys have a long-span appeal. Blocks, dolls and doll equipment ,tools, musical instruments, arts and crafts, skates and bicycles usually continue to hold interest all through childhood.

Select playthings which are appropriate to the (a) age, (b) interest and (c) mental and physical abilities of the child.

Wise selection is not enough, parental teaching or supervision is important too. An air rifle, archery set, dart games, sharp knife or chemistry set, may become dangerous in the hands of children too young to understand the hazards involved. Even older children should have adult supervision with play equipment of this type.

Choose toys which are sutiable to the strength of the child. A toy which is too heavy for a youngster to handle easily may be the cause of an accident to that child.

Since babies and toddlers invarably follow the rule, "from hand to mouth," for everything they handle, care should be taken to see that they do not play with small toys, marbles, jacks, coins, beads, or any very small object. Stuffed animals with button eyes which may come loose, whistles with removable mouth pieces, pull-toys with removable parts are all dangerous.

For small children, select washable playthings colored with non-poisonous dye or paint. Lead paint or paint with other poisonous ingredients may cause serious illness or death.

Electrical toys of any type are unsafe for very young children. For older children, select only those which bear the seal of approval of the Underwriters' Laboratories. Here is the perfect excuse for father taking over the electric train! Be sure that the children are taught how to play with all electrical toys. Inspect electric play equipment regularly for frayed cords or any defect which may cause shock. Remind children never to play with electrical equipment with wet hands or damp clothing.

Avoid toys or articles of play clothing which are highly inflammable. Celluloid articles are easily ignited. So are many brushed and napped fabrics. Many will recall that this type of fabric was used for the immitation fur on the cowboy suits in which three youngsters were burned to death and at least eight others were seriously burned in Washington, D. C.

Storage of play equipment is an important matter which parents should consider while a child is very young. Serious falls often result because playthings are left on steps, stairways, walks, or in the yard or home. If parents provide a proper place, such as a toy chest, or open shelves within reach of the child, and teach that child to put away playthings when play time is over, many serious falls will be avoided. The habit of orderliness developed by supervision early in life will carry into later life.

Inspection of play equipment periodically is important. Check the sandbox for nails or sharp objects, wooden toys for rough spots or splinters, the coaster wagon for loose wheels or protruding nails, the baby's rattle for cracks which may free the little stones inside the rattle and allow the baby to put them in his mouth. If satisfactory repairs cannot be made, the play article should be discarded.

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

Well our nice balmy weather had a minature storm and Monday had a miniture storm and Monday came up with beautiful sunshine.

VISITORS

Betty Lou Raker and Judy O'Neil of Chico were weekend guests at the Sorensons Motel. Betty Lou is on the faculty of Chico State College. Judy is a student there. They lived in Truckee until 3 years ago.

WINTER VACATION

The Ed Cooleys of Incline Beach have just returned from a two weeks vacation at Arizona and Palm Springs.

GETTING BETTER

Theresa Sutton and Jerry Rayburn have taken their mother to Sacramento from Reno, where she is coming along very well.

HOME AGAIN

Grace and Paul McMillian and their daughter of the P&G Market have returned from Los Angeles and again opened for business.

DINNER PARTY

The Lady Felions held their monthly dinner at the Crystal Bay Club last Tuesday with a good attendance and dinner .

SADNESS

We are sorry to hear that Bob Moore's brother passed away recently. Also his mother was quite ill. We hope that she will quickly improve.

TRAVELERS

Had a card from Bea and George Ridgeway. They are roaming over the country such as: Rio, Pavla, Buenas Aires and other interesting countries.

SHOCK

It was with extreme sadness to hear of the passing of our very good friend Jim Wheat of Tahoe City. He was with the health dept. of Placer County for quite a few years and was loved by all that knew him. He will be greatly missed by all of his many friends.

BIRTHDAY

Dave Ashton spent another birthday a week ago. It only seems a year ago was his last one.

IN PORT

Kenny Lavery and Davey Ashton are now both stationed at Long Beach.

HOME

Mrs. Babe Klitzke has just returned from Covina and North Hollywood. Harvey Sr. has been having a gay old time, but sure missed his wife.

TREE LIGHTS

The Christmas tree on the golf course is all lighted. We should remember the meaning of Christmas.

About 20 per cent of the United States' total exports consist of agricultural products.

BOARD GIVES NEW PROJECT APPROVAL

RENO—An additional grant of $40,000 has been made by the board of trustees of the Max C. Fleischmann Foundation of Nevada to the Nevada-California Lake Tahoe Association to carry forward the work undertaken two years ago to encourage and promote orderly development of the Lake Tahoe area, it was announced yesterday.

Initiated on January 1, 1957, by the Fleischmann Foundation trustees as a public service, the project was entrusted to the Nevada-California Lake Tahoe Association, a non-profit corporation, with an initial grant of $50,000. Another grant of $50,000 was made in January, 1958, and the present grant brings the total to $140,000 in the two-year period.

The Nevada-California Lake Tahoe Association, of which Joseph F. McDonald of Reno is the president and manager, is a legal entity through which the Fleischmann Foundation can channel funds for the Tahoe work.

Designed primarily to promote and encourage orderly development of the Tahoe area and thus to protect its natural beauty which is noted throughout the world the project, according to McDonald, has many facets, most important of which is adequate professional planning.

MORE MONEY GIVEN FOR TAHOE PROJECT

TAHOE CITY — The Placer County Board of Supervisors has approved plans for a $3,500,000 community apartment development just east of Tahoe City. The board Tuesday approved rezoning of six acres of ground from residential to commercial after Robert Rigney of Berkley explained his plan.

Rigney proposes a three-building development containing 190 apartments. The apartments, he said, would be sold to individuals from $16,000 to $18,000 each.

One building, he said, will be 11 stories high, the second nine and the third eight stories.

The soft inner parts of sea urchins are used as a food by the natives of many Caribbean Islands.

STRENGTHEN AMERICA'S PEACE POWER

She's so intent. Already she wants to bake a cake as good as mother's. And you think, *what a woman she will be!* But first she has to grow up. And she needs a peaceful world to grow in.

But peace costs money. Money for strength to keep the peace. Money for science and education to help make peace lasting. And money saved by individuals to help keep our economy strong. So every U. S. Savings Bond you buy—helps strengthen America's Peace Power.

The chart below shows how your Bonds will earn money for you. But the most important thing they earn is peace. Think it over. Are you buying as many as you might?

HOW YOU CAN REACH YOUR SAVINGS GOAL WITH SERIES E SAVINGS BONDS
(in just 8 years, 11 months)

If you want about	$2,500	$5,000	$10,000
each week, save	$4.75	$9.50	$18.75

Peace Costs Money—

BUY U.S. SAVINGS BONDS

The U. S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this newspaper for their patriotic donation.

TAHOE TRUCKEE SCHOOL NEWS

TRUCKEE ELEMENTARY

KINDERGARTEN: Benny Garcia's house burned down and he lost all of his toys. We gave him our newest toy. It was Roy Roger's chuck wagon.

FIRST GRADE: We have been discussing airplanes and the airport.

Several children have brought in interesting exhibits of shells, starfish and rocks. Byron Johnson and Debby Wurst brought books on shells. Ben King showed us a very nice model Eskimo village made by his brother, Bruce. Kent Mullis brought a deer skull for "show and tell."

Children who had perfect scores in arithmetic this week were: Kathy Barrett, Kathleen Collier, Debby Jo Wurst, Dennis Weiler, John Poppe, Chris Swanson, Patricia Stone, Melanie Anderson, Homer Owens, Mark Manley, Donna Comola, Druscilla Truner, Byron Johnston, Ben King, Diane Rose, Larry Doyle, Kent Mullis, Steven Rose and Linda Baker.

We are gathering more imformation about our shells. Debby Wurst brought a book about the seashore. Mark Manley brought some mussel shells.

Those children who had perfect scores on their word vocabulary test: Dennis Weiler, Byron Johnston, Larry Doyle, Kathyrn Campbell, and Druscilla Turner. Children who missed one word were: Diane Rose, Ben King, Homer Owens, and Bernie Ahrens.

SECOND GRADE: Our Sandy Davis broke her ankle. She came on crutches to take her spelling test. Best Spellers this week are: Brian Smart, Michelle De Lisle, Sandra Eckerman, Anna Collier, Phyllis Brown, Steven Maynard, Monte Neugebauer, Yvonne Johnston, George Franceschini, Joe Merica, Curtis Melugin, Sandra Ferdinand, Jeffery Jellin, Curt Wurst, Curt Mullis, Claudia Rhoades and Sandy Davis.

THIRD GRADE: A finger painting art show has been up in our room. Each child has made a scene and titled it. Stephen Schooley, Thomas Holleman, Judy Ingalls and Thomas Romo were contributors.

THIRD AND FOURTH GRADES: We had two science experiments showing why we see the moon in different shapes, and why we don't see stars during the day. Those helping were: Phillip Ruden, Sue Olano, Karel Suby, Kathy Braasch, and Wilbur Glenn.

Congratulations to David Derting for his one hundred in spelling this week.

FIFTH GRADE: Last Thursday, the fifth grade staged their second art show. In the contest part of the show Miss Betty Saarni took first place, tied for second with Dave Douglas and also another one of her pictures grabbed third prize. Such other fifth grade artists as Dan Stowe, Teddy Danniels, Larry Digesti and Kathy Kenyon presented excellent work.

The fifth grade continued their basketball wars with the sixth grade winning two games by the score of 15 to 2 and 15 to 13. John Besio, Mark Moore, Don Stowe, and newcomer Dave Douglas looked good for the fifth grade.

KINGS BEACH SCHOOL

January 30th at 7 p.m. the student body council is showing the movie "The Clown". It has been two weeks since we had a night movie; So we expect a large turnout for "The Clown". The admission will be 25c for children of all ages and 50c for adults. The movie is hilarious and therefore should be enjoyable to everyone who attends.

KINDERGARTEN: Our class has been "Collages" this week. First, they collected old greeting cards, ribbon, buttons, tinsel and foil. They then began cutting these into shape and pasting them on colored construction paper. Francie Baxter, Richard Abbott, Kristie Plunkett and Billy Brehler have made "collages" to take home.

FIRST GRADE: Billy Osincup has been out all week with the flu. This week twenty-one people made 100 per cent in spelling.

SECOND GRADE: There will be no school Monday, February 2nd. We are not observing Ground Hog Day—our teachers are attending a language arts workshop in Truckee that day. Cindy Lee Malgren has recovered from a bout with the three day measles.

Lyle Drayne is back after a two weeks illness.

THIRD GRADE: We are starting a unit on dinosaurs and the class is very enthusiastic.

We hope to make some models and also the background they lived in.

SIXTH GRADE: We have seen two movies and two film strips on Brazil. David Reed directed and asked questions on the film strip "Tropical Lands of Brazil". El Wana Claunel directed and asked questions on a film strip of "Brazil's Coffee".

The people who brought Current Events in Row 1 were: Nancy Jo Bevid and Wendy Boatman.

Our tab secretary, Sharon Nyblom, sent tab selections. Those students who get extra books are: Mike Keehn, Estelle Howell, Ronnie Baker, Donnie Bury, Holly Shaw, Art Waddel, Eddie Hoff, Bob Holley, Wendy Boatman, Carol Bruce, Katie Schwiger, Nancy Bervid, Jon Hill, David Reed, Penny Clarke, and Sharon Nyblom.

SEVENTH GRADE Mrs. Schultz's seventh grade had a class meeting. After the regular procedure, Jim Hilgesen made a motion that we have a twirp day for the seventh grade only.

Bob Holley, our class president, appointed the committee to sell the tickets. They are Greg Thompkins, and Larry Free. Then Sandra Snyder came back at the boys with a motion to have a return twirp day called Sadie Hawkins. It was voted on and approved so there will be a return twirp day on the following Monday. Their committee is Sandra Snyder and Sandra Riggs.

Tuesday, our class had two little visitors which were puppies. These puppies had been dropped off at the Kings Beach School and given a home. So please give your dogs a home. Don't drop them off.

Starting on Saturday, January 17, 1959 the boys of the 5th, 6th, and 7th grades get to play in the gym on Saturday.

TAHOE LAKE SCHOOL

FIRST GRADE: Tahoe Lake first graders took their first arithmetic tests this week on number combinations. The following students got stars on their papers Colleen Howard, Mark Davis, Marvin Banta, Marta Morris, Dick Michener, Mimi Kimball, Jeanne Jones, Peter Sutton, Sands Hall, Dorothy Pomin, Carl Larson, Debra Stark, Lisa Beckman, Mildred Norton, Nancy Beavers, Leslie McBride, Laura Hoxsie, Dan Dempsey, David Timbrel, Christina Kehn, Sandy Poulsen, Sharon Connie.

SECOND GRADE: In the second grade transportation unit short stories were written on the first automobiles, including the Olds and the Ford. One of the best organized copies was that of Heidi Hendrikson and one of the best illustrations was drawn by Eric Poulsen.

THIRD GRADE: The children who were outstanding in oral and comprehensive reading this week were: Denise Hendrikson, Breezie Cross, Dianne McBride, Janet Jorgensen. We welcome back Leah Howard, Karin Meixner, Jackie Jones after a seige with the mumps.

FOURTH GRADE: The following children received "outstanding" in Spelling during the week: Tommy Barr, Chris Beavers, Tad Hall, Dick Pomin, Danny Sprague, Paul Sullivan, Bill Cox, Lynn Harper, Kathleen Norton, and Darlinda Stark. Tad Hall is our "spelling-champ" for this week.

FIFTH GRADE: On the eighteenth review test of one hundred words in spelling, the following pupils received perfect scores: Judy Ingram, Karen McBride, Cathy Conners, Alex Cushing, Julianne Bechdolt, Jeff McLane, Jeff Sutton, and Kristen Meixner.

Those pupils reading on a sixth grade level or better are: Julianne Bechdolt, Cathy Conners, Greg Sumners, Joan Palmer, Alex Cushing, Jeff Sutton, Joyce Anderson, Alice Calhoun, Judy Ingram, Jake Obexer, Jeff McLane and Karen McBride.

Julianne Bechdolt, Jake Obexer, Jerry Jorgensen, Warren Moyer, Jeff McLane, Karen McBride, Cathy Conners, and Judy Ingram passed their test on the spelling of the states and capitals.

LICENSE TO WED

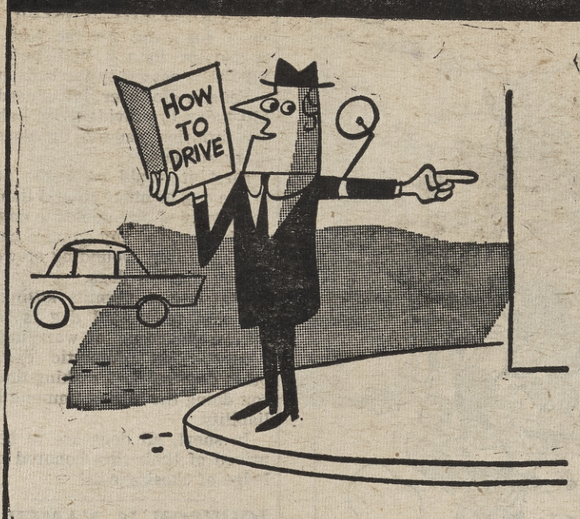
Hubert D. Thompson, of Kings Beach and Carol M. Devito of Crystal Bay, Nevada were issued a Carson City, Nevada marriage license last week.

The highest temperature ever recorded on the earth was 136 degrees at Azizia, Lybia, Africa, September 1922.

There are more than 300 farm publications in the United States with a combined circulation of almost 30 million.

The first national convention advocating woman suffrage was held at Worcester, Mass., in October 1850.

SAFE WALKING TIPS



NON-DRIVERS NEED EDUCATION

Nine out of ten pedestrians killed in traffic accidents never had been licensed to drive a car. Because they were non-drivers, most of these victims were unfamiliar with the limitations of cars and the people who operate them. This more than anything else, says the American Automobile Association, probably contributed to their death.

Non-drivers seldom are aware of the distance needed to stop an automobile at various speeds and therefore often fail to judge correctly when crossing the street. The non-driver also is generally unaware of the fact that pedestrians, particularly those in dark clothing, are not easy to see from behind the wheel of a car at night.

Pedestrian studies in five states and the District of Columbia have emphasized the close relationship between pedestrian deaths and lack of familiarity with motor vehicle operation. A Connecticut study, for example, showed that 95 per cent of 1,031 pedestrian fatality victims over 15 years of age had never been licensed to drive.

If you are a non-driver, the AAA urges you to learn the basic facts of motor vehicle operation, especially stopping distances, whether you intend to drive a car or not. It may mean the difference between life and death.

Church school, 7th grade and above, 10:15 a.m.
Pre-school and elementary grades, 11 a.m.
Morning worship, 11 a.m.
Bible study; 7 p.m.
Women's Society Bible Study, Tuesday, 10:30 a.m.
In modern life we are confronted with all kinds of schemes in order that the manufacturers might sell their commodities. There is practically no end to the items one can receive for a small amount of money and a few box tops. This is a successful advertising venture because it capitalizes on man's quest for "something for nothing." Next Sunday Pastor Taylor will discuss this subject in his sermon entitled: "Send Two Boxtops."

TNT TIDINGS

By Nancy Watts

In girls' physical education, for the past several weeks, the students have been participating in physical fitness tests. Many schools in the state have been using this program, the results of which will help to determine the general ability of girls in the state. This will set standards for us. The tests involve trials in the standing broad pump, soft-ball throw, shuttle relay, sit-ups, and push-ups. Superior in the broad pump is 6 feet, 10 inches, in the soft-ball throw is 118 feet, in running the shuttle relay is 9.5 seconds; 48 sit-ups and 45 push-ups are superior. The lower ratings of proficiency are: excellent, good, satisfactory, fair, and poor. The Bureau of Health Education, Physical Education, and Recreation, in Sacramento, will compile the scores from all participating schools.

* * *

The contest to find a theme for this year's carnival is over. The winner is Allan Young, who won the $5 prize for his theme "Olympic Village." Congratulations, Allan!

* * *

Finals are over at last, and what a relief! It is time to take stock of yourself, and resolve to do even better next semester. At least, it will be easy to make a comparatively fresh start, and make better grades.

* * *

Don't forget the holiday next Monday; The teachers at TNT are having a workshop, but the students will have a free day!

DRIVERS ARE URGED TO EXERCISE CARE

"It is just as important to 'winterize' your driving habits as it is to 'winterize' your automobile," advises Sgt. Francis H. Snyder officer in charge of the Truckee area office of the California Highway Patrol.

"Winter-time driving differs considerably from good weather driving" Sgt. Snyder continued, "and requires different techniques. The principal difference, of course, is that a speed that may be safe on dry pavement could easily be much too fast on a wet, slippery street or highway. This means that slower speed is a must when driving during a rainstorm or in fog."

The highway patrol official also noted that many winter sports enthusiasts will be driving to snow areas during the next few months. He cautioned them to adjust their driving techniques to the existing conditions.

"Driving on snow and ice, even with chains, is far more dangerous than driving under ordinary conditions. The experts know that they have to drive more slowly; the less experienced drivers should follow the experts' lead and also reduce their speed to a point where they have absolute control over their vehicle at all times."

cook as you light-
ELECTRICALLY
How would you like to simplify your cooking just as electricity has modernized and simplified your lighting?
Now you can cook with heat that is measured with the accuracy of electricity. At the snap of a switch an electric range produces heat that is swift as electricity, clean as electric light. Electric cookery too, is kind to you and your kitchen, your time and your pocketbook.

BILL WOULD BE TOUGH ON UNRULY CANINES

SACRAMENTO—(CNS)—It will be a dog's life for the bad dogs if Senator John J. Hollister's bill, SB 129, is passed by the legislature.

Senator Hollister, introduced the bill today to provide some liability for injuries caused by dogs or other animals.

First, it would make the owner of the dog or other animal liable to the owner of any domestic dog, cat or chicken, for any damage caused by the killing, wounding or worrying by the bad dogs.

And it also permits killing the bad dog when said dog is found killing, wounding, or worrying any domestic cat, domestic dog, or other domestic pet, making the person doing the killing immune from liability.

In short, all dogs are to be deprived of their time-honored priviledge of chasing cats!

JOHNSON IS NAMED ON WORKS GROUP

WASHINGTON — Congressman Harold T. (Bizz) Johnson, second district, Calif., has been appointed to the house committee on public works.

"The committee is of particular importance to the second district as it handles many matters of vital interest to the 19 counties I represent," Johnson declared.

The committee is responsible for legislation involving: flood control and improvements of river and harbors; navigation, bridges, dams; waterpower, oil and other pollution of navigable waters; public buildings and roads under the federal and highway system.

"I feel I am very fortunate in being assigned to this major committee. During the last few years the jurisdiction of the committee hes been of more and more importance to the second district, as well as the state in general. We have a great number of flood control and erosion problems on our major rivers and tributaries which will be considered by the committee. The second district also has a number of public road problems that will be presented to the committee," Johnson added.

NOTICE OF TRUSTEE'S SALE NO. 23132

On Monday the 16th day of February, 1959, at 11:00 o'clock a.m., of said day at the main entrance of the County Court House, Nevada City, County of Nevada, State of California, John L. Larue and Ralph Colburn, attorneys in this matter for the trustee, the undersigned, Inter-County Title Co., a Corporation, will sell at public auction to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the County of Nevada, State of California, and described as follows, to wit:

DESCRIPTION

All that real property situated in the County of Nevada, State of California, described as follows:

The North half (N½), the Southwest quarter (SW¼) and that part of the Southeast quarter (SE¼) of Section 17, Township 17 North, Range 15 East., lying Northerly of a line parallel with and distant 200 feet Northerly of the center line of the main track of Central Pacific Railway Company as now constructed over an across the Southeast quarter (SE¼) of said Section 17.

EXCEPTING THEREFROM all those certain pieces or parcels of land described as follows:

PARCEL NO. 1: That piece or parcel of land conveyed by Sierra Club, a California corporation, by deed 2632-F, dated March 18, 1937, described as follows:

Commencing at East quarter (E¼) corner of Section 24, Township 17 North, Range 14 East, thence easterly parallel with and distant North 341.00 feet from East and West centerline of said Section 17, a distance of 801.00 feet thence South 641.00 feet; thence West parallel with and distant 300. 00 feet South of East and West center line of said Section 17, a distance of 801.00 feet to west line of said section 17; thence North along West line of said Section 17, a distance of 641.00 feet to place of beginning, and containing an area of 11.79 acres, more or less.

PARCEL NO. 2: That piece or parcel of land situated, lying and being in the Southeast quarter (SE¼) of Section 17, described as follows:

Commencing at the point of intersection of the Northerly right of way line of the Central Pacific Railway Company, with the Southerly right of way line of the State Highway, which point is opposite at right angles Northerly and distant 200 feet from the center line of original main track at Engineer's Station 12-04.93 and from which point of commencement the section corner at the Southeast corner of above mentioned Section 17 bears South 2° 45' 40" E. 759.50 feet; thence from said point of commencement North 81° 37' 55" West along the Northerly right of way line of the Central Pacific Railway Company a distance of 364. 93 feet; thence continuing on said Northerly right of way line on the arc of a curve to the left of radius 1018.64 feet, which arc is subtended by a chord bearing South 89° 51' West 301.74 feet; thence leaving said Northerly railroad right of way North 9° 37' 50" West 47.73 feet to a point on the Southerly right of way line of State Highway; thence Easterly along said southerly line of Highway on the arc of a curve to the right of radius 1160.00 feet which arc is subtended by a chord bearing North 87° 44' 18" East 302.31 feet; thence continuing along said Southerly Highway line on the arc of a curve to the right of radius 960.0 feet, which arc is subtended by a chord bearing South 73° 12' 10" East 385.16 feet to the point of commencement and containing an area of 0.712 acres, more or less.

PARCEL NO. 3: That part of the Northeast quarter of Section 17, described as follows:

Beginning at the Northeast corner of said Section; thence South along the East line of said Section 2140 feet; thence West at right angles 660 feet; thence North at right angles 2140.00 feet; thence East at right angles 660.00 feet to the place of beginning, containing 32.43 acres more or less.

PARCEL NO. 4: That part of the Southeast quarter (SE¼) of said Section 17, lying South of the State Highway right of way North of the Northerly right of way line of the 400 foot Congressional Grant right of way of the Central Pacific Railway Company, said tract is more particularly described as follows:

Commencing at a point on the Northerly line of the aforementioned 400 foot railroad right of way which point of commencement is radially opposite Northerly and distant 200 feet from the orginal center line of the Central Pacific Railway at Engineer's Station 5-96.60 and from which point of commencement the Southeast corner of said Section 17 bears South 40° 46' 30" East 1070.86 feet; thence from said point of commencement, Westerly along said Northerly line of said 400 foot railroad right of way on the arc of a curve to the left of radius 1018.64 feet which arc is subtended by a chord bearing South 77° 40' 13" West 130.14 feet; thence leaving said Railroad right of way North 9° 37' 50" West a distance of 46.26 feet to a point in the Southerly right of way line of State Highway; thence Easterly along said South line of State Highway on the arc of a curve to the right of radius 1160.00 feet, which arc subtended by a chord bearing North 77° 02' 03" East 130.26 feet; thence South 9° 37' 50" East 47.73 feet to the point of commencement and containing an area of 0.14 of an acre, more or less.

PARCEL NO. 5: A strip of land 25.00 feet in width being 12.50 feet in width on each side of the following described center line:

Begining at a point in the Easterly line of said Section 17, distant South 0° 02' 12" East along the East line of said Section 17 a distance of 891.33 feet from an iron rail which marks the Northeast corner of the Southeast quarter (SE¼) of said Section 17; thence South 58° 01' 34" West 180.52 feet; thence South 73° 49' 49" West 72. 16 feet; thence South 52° 51' 19" West 138.56 feet; thence South 82° 22' 49" West 160.59 feet; thence South 81° 22' 19" West 22.26 feet to a point in the center line of the strip of land described below as Parcel No. 6; thence South 81° 22' 19" West 68.24 feet; thence South 45° 44' 19" West 160.48 feet; thence South 51° 47' 19" West 83.28 feet; thence South 24° 32' 19" West 110. 60 feet; thence South 3° 20' 49" West 78.48 feet; thence South 9° 43' 38" East 106.95 feet to the point of termination of said 25.00 foot wide strip of land.

The side lines of said 25.00 foot wide strip of land are to be lengthened or shortened as the case may be so as to terminate in the Easterly line of said Section 17, and in a line passing through said point of termination at right angles to the center line of said strip of land, also.

A strip of land 50.00 feet in width, being 25.00 feet in width on each side of the following described center line:

Begining at the point of termination of the above described 25.00 foot strip of land; thence South 13° 17' 41" East 87.83 feet; thence South 31° 26' 11" East 57.10 feet; thence South 18° 38' 20" East 148. 05 feet; to a point in the Southerly line of the California State Highway right of way and radially distant Southerly 40.00 feet from the center line of said State Highway at Highway Engineer's Station 11-42. 68 and distant Northerly measured radially 246.72 feet from the original center line of the Central Pacific Railway Company's West bound main track at Engineer's Station 5-53.69.

The side lines of the above described 50.00 foot wide strip of land are to be lengthened or shortened as the case may be so as to terminate in the said Southerly line of State Highway and in a line that passes through the point of beginning of the center line of said strip of land at right angles.

PARCEL NO. 6: A strip of land 15.00 feet in width, being 7.50 feet in width on each side of the following described center line:

Beginning at a point in the Easterly line of the aforesaid Section 17, a distance South 0° 02' 12" East along the easterly line of said Section 17, a distance of 401.59 feet from an iron rail which marks the Northeast corner of the Southeast quarter (SE¼) of said Section; thence South 71° 05' 19" West 20.17 feet; thence South 27° 48' 19" West 185.27 feet; thence North 87° 06' 40" West 102.57 feet; thence South 53° 03' 19" West 109.94 feet; thence South 40° 00' 49" West 268. 62 feet; thence South 68° 20' 49" West 166.88 feet; thence South 3° 36' 49" West 108.35 feet; thence South 48° 31' 40" East 155.68 feet to a point in the center line of the strip of land described above as parcel No. 5; thence South 48° 31' 40" East 83.49 feet; thence South 67° 49' 25" East 67.55 feet; thence South 55° 31' 25" East 105.75 feet; thence South 76° 09'25" East 189.28 feet; thence South 14° 24' 04" West 99.20 feet; thence South 71° 04' 34" West 221.00 feet; thence South 32° 13' 34" West 66.40 feet; thence South 6° 59' 04" West 220.27 feet; to a point in the Northerly line of the State Highway right of way radially distant Northerly40.00 feet from the center line of said Highway right of way at Highway Engineer's Station 14-30.37.

The side lines of the above described strip of land are to be lengthened or shortened as the case may be so as to terminate in the said Easterly line of said Section 17 and in the said Northerly line of said State Highway.

PARCEL NO. 7: A parcel of land in Section (17), Township Seventeen (17) North, Range Fifteen (15) East, described as follows:

Starting at a concrete monument established by the State of California Department of Public Works, Division of Highways, said monument being located upon the Southerly right of way line of State Highway 11-Nev-37-C (U.S. 40) 40 feet at right angles from the Highway Engineer's Station 7-95.7 E. C. as shown on Division of Highways plans III-Pla. Nev. 37-G-C sheet number 11 of 17 sheets dated September 21, 1936, and from said concrete monument the section corner common to Sections 16, 17, 20 and 21, aforementioned Township and Range bears South 55° 45' East a distance of 1312.74 feet; thence (from said concrete monument) North 20° 16½' West distant 80.00 feet to a point located upon the Northerly right of way line of said Highway, said point being 40 feet at right angles from Highway Engineer's center line station 7-95. 7 EC; thence South 67° 28½' West distant 89.50 feet to the point of beginning, said course and distance being sub-chored of a curve to the left following the Northerly right of way line of said Highway (the basic curve having a radius of 1140. 00 feet, delta of 23° 34½') thence from said point of beginning, North 26° 27' West distant 100.00 feet; thence South 63° 02½' West distant 75.00 feet to an iron bolt (1. S. 2395) and Northwest corner of parcel; thence South 26° 57½' East distant 96.65 feet to a point of intersection with said Northerly right of way line, said point of intersection intersecting aforementioned basic curve; thence, following said curve (to the right) to the point of beginning, the sub-chord being North 65° 35½' East distant 75.00 feet, the parcel containing 0.165 acres, more or less, bearing of the description agreeing with aforementioned highway bearings.

PARCEL NO. 8: A parcel of land located in Section Seventeen (17), Township Seventeen (17) North, Range Fifteen (15) East, described as follows:

Starting at a concrete monument established by the State of California Department of Public Works, Division of Highways, said monument being located upon the Southerly right of way line of State Highway III-Nev-37-C (U. S. 40) 40 feet at right angles from highway engineer centerline station 7-95.7 E. C. as shown on Division of Highways plans III-Pla. Nev. 37-G.C. sheet number 11 of 17 sheets dated September 21, 1936, and from said concrete monument the section corner common to Sections 16, 17, 20 and 21, aforementioned Township and Range, bears South 55° 45' East a distance of 1312.74 feet; thence (from said concrete monument) North 20° 16½' West distant 80.00 feet to a point located upon the Northerly right of way line of said highway, said point being 40 feet at right angles from highway engineer's center line station 7-95. 7 E.C., thence following the Northerly right of way line of said Highway bearing North 69° 43½' East distant 25.00 feet to an iron bolt, Southwest corner and point of begining of the parcel herewith described, thence from said point of beginning departing from said highway right of way line, North 20° 16½ West distant 200.00 feet to an iron bolt; thence North 69° 43½' East distant 75.00 feet to an iron bolt and Northeast corner; thence South 20° 16½' East distant 200.00 feet to an iron bolt and point of intersection with said highway right of way line: thence following said highway right of way line bearing South 69° 43½' West distant 75.00 feet to the point of beginning, containing 0.34 acres, more or less. Bearing as shown in this description agreeing with aforement highway bearings.

PARCEL NO. 9: A parcel of land located in Section 17, Township 17 North, Range 15 East, described as follows:

Starting at a concrete monument established by the State of California Department of Public Works, Division of Highways, said monument being located upon the Southerly right of way line of State Highway III-Nev-37-C (U. S. 40) right angles to highway engineers station 7-95.7 E.C. as shown on Division of Highways Plans III-Pla. Nev. 37-G-C, sheet number 11 of 17 sheets dated September 21, 1936, and from said concrete monument the section cornor common to Section 16, 17, 20 and 21 aforementioned township and range bears South 55° 45' East distant 1312.74 feet; thence said concrete monument North 31° 36' East distant 1302.97 feet to an iron bolt, point of beginning, and Southwest corner of the parcel herewith described; thence from said point of beginning North 69° 52' East 100.00 feet to iron bolt; thence North 20° 08' West distant 75.00 feet to a stake; thence South 69° 52' West distant 100.00 feet to an iron bolt; thence South 20° 08' East distant 75.00 feet to the point of beginning, containing 0.17 acres, more or less. Bearing of this description agreein with aforementioned highway bearings.

PARCEL NO. 10: All that certain parcel of land, situate, lying and being in the Southeast quarter (SE¼) of section 17, Township 17 North, Range 15 East, described as follows:

Beginning at a rail monument marking the Northeast corner of the Southeast quarter (SE¼) of section 17, South 0° 02' 12" East 401.59 feet along the East section line; thence South 71° 05' 19" West 20.17 feet; thence South 27° 48' 19" West 185.27 feet; thence North 87° 06' 40" West 102.57 feet; thence South 53° 03' 19" West 109.94 feet; thence South 40° 00' 49" West 343. 62 feet to an iron stake marking the point of beginning. Commencing here North 21° 39' 11" West 10. 60 feet; thence North 68° 20' 49" East 100.00 feet; thence South 21° 39' 11" East 50.00 feet; thence South 68° 20' 49" West 100.00 feet; thence North 21° 39' 11" West 39.40 feet and closing to the point of beginning.

PARCEL NO. 11: That certain portion thereof conveyed by the deed dated June 3, 1942, recorded March 8, 1943, in Book "80" of Official Records, at page 369, executed by J. O. Jones and Bertha, Jones, his wife, to Sierra Club, a California corporation described as follows:

Being situate in Section 17, Township 17 North, Range 15 East, and described as beginning at a point 9.3 feet North of the Southeast corner of Parcel No. 1 of the exception described in a deed 3006F from Southern Pacific Land Company, a California corporation, to J. O. Jones, dated October 31, 1940, and found recorded in Book "415" of Official Records of Placer County, at page 8; thence along the Easterly boundry of said Parcel 1 of the exception a distance of 408 feet; thence South 78° 25' East a distance of 1223.5 feet; thence South 11° 35' West a distance of 400 feet; thence North 78° 25' West 1141.8 feet, more or less, to the place of beginning, containing approximately 4.4 acres, more or less.

Parcel NO. 12: A portion thereof conveyed by the deed dated March 15, 1954, recorded March 17, 1954, in Book "193" of Official Records, at page 567, executed by John S. Woodard and Mary P. Woodard, his wife, to Peninsula Ski Club, Inc., a corporation, described as follows:

A portion of the Southeast quarter of Section 1, Township 17 North, Range 15 East, M. D. B. & M., described as follows:

Beginning at a steel pin from which the quarter corner on the East line of Section 17, Township 17 North, Range 15 East, bears North 9° 55' 45" East 1570.06 feet; thence from said point of beging, North 19° 11' East 69.80 feet to a steel pin; thence North 26° 45' West 60.67 feet to a steel pin; thence South 74° 15' West 92.11 feet to a steel pin; thence South 49° 57½' West 56.74 feet to a steel pin; thence South 66° 45' East 148.45 feet, more or less, to a point of beginning, containing 0.25 of an acre, more or less; together with the right to use for the purpose of egress and ingress to and from the premises herein conveyed, a strip of land 15 feet wide running from the said premises to the public road, now a State Highway and presently known as U. S. Highway No. 40.

PARCEL NO. 13: A portion thereof conveyed by the deed dated May 1, 1954, recorded July 2, 1954, n Book "197" of Official Records at page 412, executed by John S. Woodard and Mary P. Woodard, doing business as Donner Ski Ranch, to Philip Bernard Illerich, described as follows: That certain parcel "E" of land situate in the Southeast quarter of Section 17, Township 17 North, Range 15 East, M. D. B. & M., and bounded and described as follows:

Beginning at a Rail Monument marking the Northeast corner of the Southeast quarter of Section 17, South 0° 02' 12" East 401.59 feet along the East section line; thence South 71° 05' 19" West 20. 17 feet; thence South 27° 48' 19" West 185.27 feet; thence North 87° 06' 40" West 102.57 feet; thence South 53° 03' 19" West 109.94 feet; thence South 40° 00' 49" West 343. 62 feet to an iron pipe stake marking the point of beginning. Commencing here North 21° 39' 11" West 28.10 feet; thence North 68° 20' 49" East 67.91 feet; thence North 40° 00' 49" East 41.89 feet; thence South 49° 59' 11" East 74.21 feet; thence South 21° 39' 11" East 34.57 feet; thence South 68° 20' 49" West 140.00 feet; thence North 21° 39' 11" West 51.90 feet and closing to the point of beginning. The boundries of parcel E as described surround a 50' X 100' parcel of land known as Parcel "D" owned by Philip Illerich. The 2 parcels together comprise 11116.8 square feet of land; the portion to be conveyed by this deed, namely Parcel E, contains 6116.8 square feet, thereof.

PARCEL NO. 14: That certain portion thereof conveyed by deed dated December 19, 1954, recorded October 26, 1955, in Book "214" of Official Records, at page 250, executed by John S. Woodard, a married man, to Sierra Club, described as follows:

Commencing at a stone mound located at the Northeast corner of that certain parcel of land conveyed by deed dated June 3, 1942, and recorded March 8, 1943, in Book "80" of Official Records of Nevada County, at page 369, from J. O. Jones and Bertha Jones, his wife, to Sierra Club; running thence South 78° 25' East 106.26 feet to a stone mound; thence South 34° 00' West 281. 16 feet to a stone mound located on the Easterly boundry of the last mentioned parcel: thence along said Easterly boundary line North 11° 35' East 264.00 feet to the point of beginning, containing 0.32 acres, more or less.

PARCEL NO. 15: Any portion thereof lying within Placer County, California.

Said sale will be made without covenant or warranty regarding title, possession or encumbrance, to satisfy the obligation secured by and pursuant to the power of sale confered in a certain deed of trust executed by John S. Woodard and Mary P. Woodard, Trustors, to Inter-County Title Co., a corporation, as trustees and R. H. Blackford and Clara Blackford, husband and wife and Herstle Jones, Beneficiaries; said deed of trust dated May 1, 1951, and recorded June 21, 1951, in Volume 163 at pages 189 through 194 of Official Records, in the office of the Nevada County Recorder, State of California.

Date of first Publication: January 22, 1959.

DONNER SUMMIT NEWS

BY DONNA POWER

T. T. T. A. MEETS

The January 20th meeting of the Tahoe-Truckee Teachers Association was held in the high school and was attended by Donner Trail school teachers James Simmons and Donna Power. Many items of importance to both students and teachers in the district were discussed. John Corbin, district superintendent, announced that the Sacramento State College will not conduct classes at Kings Beach school this summer as has been done in the past. Camping and other low cost living facilities are at a minimum. Classes will instead be conducted at the south end of Lake Tahoe beginning next summer.

A feeling of relief came to the approximately 50 teachers when it was announced that those who wished to stay in the district for the coming year would be welcomed. To keep up with the population growth in the area approximately seven new classes will make the hiring of new teachers necessary. Teachers in the district will be interested in hearing of homes and other reasonable rental living accommodations available for next year in the area of the school.

The report of the salary committee showed the current teachers salary somewhat below the cost of living. For this reason an approach to the board will be made in an effort to correct this deficiency.

February 2 at 9:30 a.m. is the date set for the workshop to be held at the Truckee High School for all certificated personnel in the district. Dr. B. Belden of Chico State College will be the principal speaker. There will be no school that day.

Each school has selected the month each will hold its activities which are hoped to raise money for two $400 scholarships to be presented to two deserving seniors graduating from the Tahoe Truckee high school in June. These dates are; February, Donner Trail and Truckee Elementary; March, Lake Tahoe; April, Kings Beach elementary, and the high school in May.

The school calendar for 1959-1960 has been announced. The teachers orientation meeting will extend from August 24 through August 28, classes will commence August 31. School will be closed from February 1 to February 29 for the Olympic Games to be held in Squaw Valley. School will be out on June 10, 1960.

SNOW TURTLES

If you like to ski, want to learn to ski or just like to have fun in the snow, then you will be interested in the "Snow Turtles", who are a group of some 300 men and women getting together just for the fun of being together. The "Snow-Turtles Ski Club" was formed in June of 1954 in San Francisco for the purpose of bringing skiers together both en route to the snow country and on the ski hills. While most of the membership is centered in Sacramento and bay areas, chapters can be found in Sun Valley and Alta ski areas, The unique name originated with a group of water sportsmen around the Santa Cruz area, who have since disbanded. You will recognize any turtle member by the handmade green and white gold snowflake crested turtle pin he wears. Official meeting places of the "Turtles" can soon be recognized by the enamel turtle plague displayed. "Turtle" skiers in the Donner Summit area benefit from rates on equipment, tow rides, and accommodations. Bus loads of "Snow-Turtles" leave Sacramento from Scheidel's Bavaria at 9 p.m. every Friday evening headed for the Donner Summit area and returning Sunday at 8 p.m.

NAME CHOSEN

Nahen Klub is the name chosen by the girls of the Donner Summit area for their sewing club. The words are German and Nahen may be translated as "to sew" while Klub means club. Cecil Weatherfield and Bunny Board both present at last Thursdays meeting are knitting a pair of slippers. Barbara Lyddane is working on a colorful cotton print skirt for herself. Laurl Mason had no sewing project going currently so she baked delicious brownies and made hot cocoa which were the refreshments she served to the group. The girls will meet again next Thursday at the home of Miss Power.

WEATHER

Mother Nature has been very good to us here on the hill for the past week. The temperatures have been ranging in the 70's. With no snow. Skiing has been good on hard packed snow. Friday evening it began to rain, by Saturday morning temperatures fell and rain turned into snow which continued intermittently through Sunday. By this week skiing is expected to be excellent.

JOB'S DAUGHTERS

Beacon Hill Lodge was host this week end to 31 girls and eight of their leaders all of the Bethel No. 21 chapter in Hayward. The girls all enjoyed two days of skiing and other snow activities.

POT-LUCK DINNER

Norden area Southern Pacific employees enjoyed a pleasent evening Friday at a pot-luck dinner. Those in attendance were Dot and Harvey Loder, Nellei and Bob Kislor, Vivian and Buster Davis, Louella and Ed Monroe, Mary and Pete Dewitt, Bob DelCarlo, Bud Parker, and Betty and Wade Hampton. Following dinner the group enjoyed an evening of card playing.

The California Division of Mines gives assistance to prospectors in the identification of rocks and minerals.

Santa Cruz County was organized in 1850 as "Braniforte" County.

TANK AHOY!—Only five feet long, the Dart is the Army's smallest guided missile, but proved itself a potent tank-killer at a recent public demonstration at White Sands Missile Range, N. M. As shown above, this lethal weapon may be launched from a jeep or the ground.

USE OF NARCOTICS BY JUVENILES SAID TO BE ON DECLINE

SACRAMENTO-(CNS) — Narcotics use and addiction among juveniles appears to be tapering off, Heman G. Stark, director of the California Youth Authority, reported.

Stark commented on statistics of the CYA which showed court commitments for narcotics offenses hit a peak in 1956 and were substantially lower in 1957.

A similar trend was shown in interviews of boys admitted to CYA institution, as to their use or non-use of narcotics.

"These things have a habit of running a course, "Stark said. "There has been good publicity and people are beginning to realize the seriousness of it.

There has been better law enforcement too," he said. "A number of police departments have conducted training courses in narcotics enforcement."

Stark recalled there had been a "big wave" of narcotics use in the 1920's but this had trailed off by the 1930's.

The CYA reported 137 juveniles were committed to it in 1955 for narcotics and drug law offenses, 227 in 1956, and only 204 in 1957. During the first six months of this year the cases totaled 120 but it was too soon to determine if the trend had been broken.

The CYA reported it had interviewed boys admitted during the first six months of the past three years. In 1956, of 1,139 boys, 476 gave positive an negative responses in 1957, a total of 470 boys out of 1,038 answered questions on narcotics and, in 1958. 1,023 boys out of 1,259 questioned gave answers.

The surveys showed, in 1956, 16.8 per cent admitted previous use of narcotics but only 3.7 per cent said they used them regularly. In 1957, 21.7 per cent admitted narcotics use, but only 7.4 regularly. In 1958, 13.6 per cent admitted the use but only 3.5 per cent said they were used regularly.

JOHNSON'S BILL WILL AID SAN LUIS PROJECT

WASHINGTON—Harold T. (Bizz) Johnson second district, Calif., has introduced legislation to authorize construction of the San Luis unit of the Central Valley Project, supporting a bill introduced by B. F. Sisk, Fresno.

Johnson declared the legislation, which would bring irrigation water to almost a half million acres of land on the West side of Merced, Fresno and King Counties, is an important step toward solving California water problems. He added the legislation would provide for construction so as to fit in to any state water plan. The bill would require agreement between the state and the federal governments on the details of the project.

Johnson said additional water will be available in the next few years from the Trinity River Project and water is presently not being used from the Folsom Dam Project.

When California was ceded to the United States in 1848, San Francisco had 820 people, 200 houses, one school, one newspaper and two wharves.

Law Offices of John L. Larue

Nevada City, California

No. 5951
In the Superior Court of the State of California
In and for the County of Nevada

In the Matter of the Estate of JOSEPH VERNON McKAY, also known as JOSEPH V. McKAY, also known as J. V. McKAY, deceased.

NOTICE FOR PUBLICATION OF TIME APPOINTED FOR PROVING WILL, ETC.

NOTICE IS HEREBY GIVEN that Friday, the 6th day of February, 1959, at 10 o'clock A. M. of said day, at the Court Room of said Court, at the Court House in the City of Nevada, County of Nevada, has been appointed by me as the time and place for proving the Will of Joseph Vernon McKay, alias, deceased, and for hearing the petition of Harry A. Busscher for the issuance to him of Letters Testamentary when and where any person interested may appear and contest the same. Reference is hereby made to said petition for further particulars.

Dated January 6, 1959.

John T. Trauner, Clerk
By Jack K. Hansen, Deputy Clerk. J15-22-29.

NOTICE OF SALE OF PROPERTY DEEDED TO THE STATE FOR DELIQUENT TAXES

Date January 29th, 1959

Whereas, I was on the 5th day of January, 1959, directed by the Board of Supervisors of Nevada County, State of California, and there was received by me and filed in my office an authorization of the State Controller (dated January 9th, 1959) to sell at public auction, for cash in lawful money of the United States, certain tax deeded property, public notice is hereby given that unless the said property is redeemed as provided by law, I will on the 3rd day of March, 1959, at the hour of 10 o'clock a.m. in the Tax Collector's Office in the Court House of the County of Nevada, in the City of Nevada, sell as directed the said property for a sum not less than the minimum price or prices set forth in this notice.

The parcel or parcels of property that are the subject of this notice are situated in the County of Nevada, State of California, and are described as follows:

DESCRIPTION

Donner Lake Co's Lakeview Subd. Lot 10 Blk 13. Last assessee: F. J. Chesson. Minimum Price $320.36.

In Donner Lake Co's Lakeview Subd. Lot 8 Blk 14. Last assessee: E. J. Fraser. Minimum Price $224.92

In Donner Lake Co's Lakeview Subd. Lot 1 Blk 20. Last assessee: Gladys B. Sharpnack. Minimum Price $193.50.

Lot 9 Block 13 of Donner Lake Co's Lakeview Subd. Last assessee: Margaret B. Clark. Minimum Price $158.61.

In Donner Lake Co's Lakeview Subd. Lot 2 Blk 25, Last assessee: Vern Elliott. Minimum Price $125.38.

In Donner Lake Co's Lakeview Subd. Lot 5 Blk 19. Last assessee: Vera L. Crawford. Minimum Price $153.07.

If redemption of the property is not made according to law before the first bid is received, the right of redemption will cease.

FOUR-WAY MEET TO BE HELD AT BOWL

NORDEN—The Northern California Intercollegiate Four-Way invitational ski meet will be held at Sugar Bowl this weekend, January 30, 31, and February 1 and the new "C" jump will be put into operation for the first time.

Eight colleges, with teams of four racers per team, have indicated they will compete. The downhill will be held Friday morning, the cross country Friday afternoon, the slalom Saturday morning and the jumping that afternoon.

With five feet of snow on the valley floor and from six to seven feet on the mountain tops, covered with more than two feet of powder snow, skiing conditions are ideal through the area.

CARD OF THANKS

We are very grateful for the flowers, comforting messages and contributions to the heart fund sent during our recent bereavement.

Mrs. James Wheat
Mr. and Mrs. C. O. Wheat
Mrs. Albert Henry
Mrs. Jack Stranathan
Mrs. William Riedell

CARD OF THANKS

The excellent care given by the staff and personnel during my recent stay in Tahoe Forest Hospital is sincerely appreciated and I take this means of expressing my thanks.

Ozella Slate

-- CLASSIFIED --

LAND WITHDRAWAL ANNOUNCED IN AREA

Proposed withdrawal of approximately 1,720.26 acres of public land and 199.74 acres of non-public land in the Tahoe and Toiyabe National Forests from all forms of appropriation under the public land law, was announced today by the manager of the land office, Bureau of land management at Sacramento.

The application for the withdrawal, which was filed by the regional director, bureau of reclamation, United States Department of the Interior, Regional Office, Region 4, Salt Lake City, was recorded on the public land records in the Land Office at Sacramento on August 28, 1958.

The lands involved are required by the bureau of reclamation in connection with that portion of its Washoe Project in California. A detailed description of the lands involved in the proposal withdrawal will appear shortly in the federal register and will be posted in the land office at Sacramento and the post offices at Markleeville and Truckee.

CAKE SALE

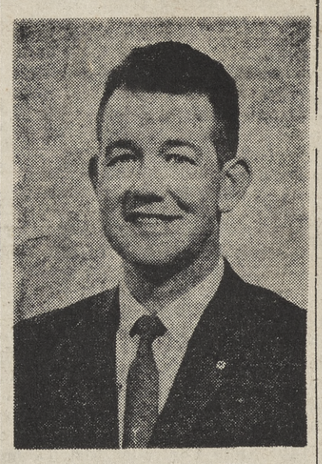
The local 4-H club will have a cake sale on February 7, between 10 and 2 o'clock. It will be held in Welch's Hardware store in Truckee. Cakes, cookies, candy and pies will be made by the 4-H members and sold at the sale. We want everyone to come and buy a delicious cake, pie, or cookies and candy.

License To Marry—

Vincent Minsenti of Truckee and Frances Osterund of Cromwell, Conn. were issued a marriage license at Reno.

PITCH FOR THE MARCH OF DIMES

Reading left to right, Richard Springer, William Dugan, Gene Faulkner and Wiley Jones are making their pitch for the March of Dimes by tossing their donations into the huge champagne glass at Crystal Bay Lodge. The collection to date: $620. Others are enducted by the Veterans of Foreign Wars and the Auxiliary of Post 7077.



WALLEY BRUNKER

WALLY BRUNKER IN RACE FOR SENATE

Weston W. (Wally) Brunker, young civic leader of Grass Valley today, made it official by filing as a candidate for the 7th District State Senate seat recently vacated by "Bizz" Johnson. The special election to fill this vacancy comes up April 7th.

Brunker is a young, certified public accountant practicing in Grass Valley, and for the past two years has been very active in civic affairs in Western Nevada County, his latest accomplishment having been the organiation and leadership of the successful Nevada Union High School bond campaign.

Brunker has served on the Nevada County Planning Commission since 1957, and is currently a vice-president of the California State Junior Chamber of Commerce and a past president of the Grass Valley Junior Chamber of Commerce. He is serving his second term as a director of Grass Valley Chamber of Commerce and is an active member of the Nevada City Lions Club, Grass Valley Elks Lodge and a charter member of the William Morris Stewart chapter of E Clampus Vitus.

Brunker is married to the former Muriel Braly of Palo Alto, and is the father of two sons, aged one and three. He is a veteran of World War Two, and a member of the Veterans of Foreign Wars and the American Legion.

At a meeting in December, Brunker was unanimously endorsed for the Senatorial post by the Republican Central Committee of Placer, Nevada and Sierra Counties.

Buy For Cabona—

Mr. and Mrs. I. Firpo and Mrs. Delores Osburn were recent San Francisco marchandise market visitors, buying for Cabona's Store.

With Relative—

Mrs. Charles Heller returned from the bay district where she was with her brother, D. Lake when he underwent a major operation. Lake is a well known former resident of Lake Tahoe.

Recuperating—

Charles Heller is recovering from the effects of a severe cold this week.

Date Noted—

Glenda Stark was the center of interest on her birth date last Saturday when her parents, Mr. and Mrs. Eugene Stark entertained at a dinner and theater party.

Transferred—

U. S. Marine Pvt. Michael Z. Smith, son of Mr. and Mrs. C. Z. Smith has recently completed training at Camp Pendleton and transferred to Twenty Nine Palms.

WANT ADS BRING RESULTS

LOCAL PROPERTY TO BE SOLD FOR TAXES

There appears in this issue of the Sierra Sun, a proposed tax sale to be held at the County seat, Nevada City, at the Tax Collector's office starting at 10 o'clock a. m. on March 3rd, 1959 and will continue from that time on until each parcel of property advertised is sold to the highest bidder.

The first sale will commence at 10 o'clock a.m. and money paid for the highest bid on that sale, and then the other sales will continue right along until 5 p.m. when it is expected all the tax sales will be completed.

If the applicant for the proposed tax sales is not successful bidder the cost of the advertising that the applicant has placed in the County Treasury's Trust fund, will be refunded to the applicant and the persons being the successful bidders will have to pay the cost of the advertising. Each minimum price for the tax sale includes the cost of advertising that the applicant has already deposited into the county fund.

The right of redemption on any of the advertised tax sales must be made before the first bid is received, otherwise the right of redemption will cease.

Improved—

Emery Lander, deputy sheriff, is reported much improved following a relapse from pneumonia.

Hostess—

Mrs. Jack Neugebauer was hostess last week for a group of friends who enjoyed cards and refreshments, during the evening.

Coes Return—

Mrs. A. F. Coe wrote that they are moving from Live Oak to return to Donner Lake.

From South—

Mrs. Oscar Schumacher returned from a visit with relatives in southern California.

17 Vehicle Crashes Reported In Week

Slippery roads and blinding snow, coupled with a series of violations during the past week resulted in 17 reportable vehicle accidents nine of them resulting in injuries, according to Sergeant Frank Snyder of the California Highway Patrol.

None of the injuries was believed serious, although the patrol and the Truckee Ambulance were kept busy investigating and taking the victims to the Tahoe Forest Hospital.

Russell T. Martin, 34, Grass Valley was cited for drunk driving after his car struck a truck driven by Ernest John McKibben of San Francisco at Hirschdale Friday at 11:15 p.m.

Isidro A. Solis, Concord was arrested on a drunk charge after he wrecked his car 16 miles west of here Thursday morning.

Byron E. Brown, North Hollywood and Leonard Webster Donner Kitchen, were injured when their cars collided in the snow three miles west of Truckee Saturday morning at 10 o'clock.

Franklin L. Duggan, Richmond, and Vicki Risk, 7, a passenger in his car were hurt Saturday at 11:40 a.m. when he collided with a vehicle driven by Salino C. Salgado of Boca four miles east of here.

Denis Allara of Orinda was hurt when cars driven by Daniel T. Carter, Orinda and Thomas W. Smart, Tahoe City collided near the half -way bridge on the Tahoe highway Saturday at 11:40 a.m.

Irwin Zelinka, Alameda, was injured when his pickup ran over the embankment near the Squaw Valley road at 8:30 p.m. Saturday.

Betty Triano, Truckee and Albert Cornick, Sacramento suffered minor injuries when the car driven by the latter and one operated by George B. Campbell of Nevada City crashed four miles east of Truckee Saturday at 9:30 p.m.

A rear end collision between cars driven by Kenneth E. Jones of Vallejo and Thomas Siegal, Oakland near Soda Springs Saturday at 11:45 p.m. resulted in injuries to Jack Bullick, Raymond Giourard and Jones.

Investigation is continuing on a crash between an oil tanker driven by William W. Ramos, Carmichael, and a car operated by Staff Sergeant Castle W. Turner of Stead Air Force Base Sunday at 1:30 a.m. Both drivers were injured.

Visits Ill Father—

Mrs. Cecil Clepper and daughter Denise returned from a visit with her seriously ill father and other relatives in Oklahoma.

Attend Meeting—

Joe Mattos, T. D. Hellar and F. W. Wilson last Thursday attended a dinner invitation of candidates at a meeting of the Grass Valley Elks Lodge.

Out of Navy —

Donald Matson, recently discharged from the U. S. Navy is visiting at the home of Mr. and Mrs. Roy Waters and is planning to work in this vicinity.

CAPTAINS PREPARE FOR HEART SUNDAY

Dorothy Slack and Charles F. Vind announced that captains from their lodges are being appointed to help with the door-to-door collection for the Heart Association on Heart Sunday, February 15th.

The captains will enlist enough volunteers to knock on every door in the area on Sunday afternoon, February 15th.

Heart disease is the leading cause of death in the United States, and here in Nevada County these volunteer workers say, "We want to give everyone in the area a chance to make this contribution to fight heart disease through medical research."

OFFICERS INSTALLED BY NEWCOMERS CLUB

KINGS BEACH—The Lake Tahoe Newcomer's Club, at its meeting in Kings Beach, Thursday, January 22, installed new officers and made plans for a busy year.

All new residents of the Lake Area, are urged to contact Velda Farris, at LIberty 6-2443, for information. Mrs. Farris is new members chairman, and will be happy to help all who contact her concerning the Newcomer's Club.

The first meeting of 1959 was swelled with new, enthusiastic members, and this 'infant club' organized only last May, is already approaching its century mark in membership.

Lake Tahoe-Truckee Property Owners

The second best investment you can make is a complete tree service to protect the trees on your property from insects, parasites, fungus and fire. A complete job should need no further expense for the life of the present crop of trees. We specialize in forest sanitation to improve the health and thriftiness and resistance of your trees to ever present hazards. The increasing money values of land in the forest, brings notice to the important factors that contribute to this increase, and indicate more attention to preserving the natural beauty of your property. You may have a cost estimate free, and recommendations by a qualified Forest Technician. You may get this free information now and fit it into future improvement plans.

QUALITY SERVICE
THE PRESCRIPTION PHARMACY

A Very Serious Purpose in Life...

• • • •

Like a new-born baby entering this life, from whom great things are expected, the prescription handed you by your Doctor has a purpose. The prescription also has a definite route to follow.

Your prescription's purpose is to provide you with preparations important in restoration or improvement of the health of the person for whom it is intended. It should be brought to the pharmacy without delay. Carefully compounded, and with directions attached, the preparation is then ready to be used to accomplish its high purpose.

Our pharmacy is one of the community's prescription centers, and provides reliable professional service for prescriptions at all times.

Tarzan®

by EDGAR RICE BURROUGHS

GOLD COINS...FOR TARZANLAND.

IN A PHENOMENAL FLUORITE CLIFF-CAVE--AGLOW WITH PHOSPHORESCENT LIGHT AS TARZAN'S FIRE HEATS ITS SURFACE--TARZAN AND ITO FIND...GREAT URNS OF ***GOLD COINS.***

NOT ONLY DID ***TARZAN-LAND'S*** ORIGINAL INHABITANTS KNOW THE SECRET OF PRODUCING STEEL-SHARP COPPER, BUT TARZAN FINDS EVIDENCE THAT THEY MUST HAVE HAD A GREAT PREHISTORIC ***COMMERCE*** IN WHICH THEY USED ***MONEY***--GOLD MONEY!

THESE COINS, ITO, WERE MINTED-NOT MADE BY HAND, INDIVIDUALLY! ANOTHER MYSTERY! WHAT DID THESE PEOPLE NEED MONEY FOR? AND, WHERE DID THEY GET THEIR ***GOLD?***

WHAT ARE THESE, TARZAN? GOLD STICKS?

THEY LOOK LIKE GOLD RULERS!

GOLD ***MONEY*** AND GOLD ***RULERS***... WHAT ARE THEY ***GOOD*** FOR?

THEY MUST HAVE USED THESE AS MEASURING STICKS--ABOUT TEN OF OUR INCHES LONG. GOLDEN RULERS! MAYBE THEY WERE THE ORIGINAL PEOPLE USING THE GOLDEN RULE!

I BETTER ENLARGE THE CAVE'S OPENING-TO GET THE GOLD URNS OUT, SO WE CAN LOWER THEM...***GOLD*** MONEY AND ***GOLDEN RULES!*** THEY MUST HAVE BEEN ***VERY*** UNUSUAL PEOPLE!

BILL ELLIOT JOHN CELARDO

LOOK, TARZAN! THERE'S ANOTHER ***SEALED*** DOOR! A ***BIG*** DOOR!

THERE MUST BE SOMETHING ELSE HIDDEN IN THERE... MAYBE SOMETHING I CAN ***USE***, I HOPE!

WE'VE ALREADY FOUND SOMETHING EVERY MAN CAN USE, ITO...THE GOLDEN RULE IN OUR DAILY LIVING!
